With respect to credit unions, the bill aligns how permissive investments are measured in other parts of the Code to create a uniform measure solely on the net worth of the credit union while permitting credit unions to invest in general obligations issued by states and municipalities without any investment limitation.

The bill makes changes to licensing requirements related to money service business representatives by eliminating the licensure requirement if there is a limited possibility of consumer harm, or if there is a federal regulator that would have regulatory oversight.

The bill sets forth standards that licensed money transmitters must maintain and require permissive investments to be maintained by licensees.

With respect to installment lenders, the bill exempts 501(c)(3) non-profit corporations from being licensed as installment lenders as long as they do not impose any interest or fees. The bill permits installment lenders to charge compound interest rather than requiring them to do so.

**HB 182 Property; curing defective deeds and other instruments; revise provisions***By: Rep. Matt Reeves (99th)**Through the Judiciary Committee*

Final Bill Summary: HB 182 aligns the Georgia recording statute regarding deeds and other instruments with the savings statute in O.C.G.A. 44-2-18, allowing an improperly executed instrument to be corrected by having the savings statute apply to both attestations and acknowledgments.

The bill allows for a procedure for foreclosing on time-share estates through a trustee foreclosure procedure, in addition to judicial and nonjudicial foreclosure procedures provided for in the Code. A mortgage must permit the trustee foreclosure procedure. If it does not, an amendment to the time-share instrument must be adopted and recorded prior to the procedure being used. The trustee must be a member of the State Bar and use good faith, skill, and diligence in discharging the trustee duties.

Before initiating the foreclosure procedure, a claim of lien or mortgage must be recorded in the county in which the time-share estate is located. In any trustee foreclosure proceeding, the trustee must first deliver to the time-share owner a written notice of default. At any time before the trustee foreclosure sale, the time-share estate owner may cure the default, but no right of redemption will exist after consummation of the sale.

In order for a trustee to sell an encumbered time-share estate, the trustee must have provided the written notice of default. The trustee must not have received from the time-share owner a written objection to using the trustee foreclosure procedure, have delivered a notice of sale and recorded that notice in the county records, and have published a notice in the respective legal organ. Requirements are laid out for notices of default, notices of sale, and trustee foreclosure sales.

**HB 254 Civil practices; alternative procedure for designation of official legal organ; provide***By: Rep. David Jenkins (136th)**Through the Judiciary Committee*

Final Bill Summary: HB 254 amends O.C.G.A. 9-13-142 concerning official legal organs (publications containing official legal notices). If no otherwise qualified publication has a paid circulation of at least 100 copies per issue in the county, the bill permits the probate court judge, sheriff, superior court clerk, or a majority of those officers to designate a newspaper as an interim legal organ. That designation will terminate once another newspaper meets the qualifications and is designated as the county's legal organ pursuant to the Code section.

The bill allows counties or municipalities required to publish a legal notice to also meet publishing requirements by posting the notice in a conspicuous place on the county or municipality's website as well as on a common statewide website. Corrections to errors made in the published legal notice will be made within two business days on the publishing website, the Georgia Public Notice website, and in the next edition of the legal organ or newspaper of general circulation. Postings will remain in place until the event or action being advertised has concluded, and will not exceed one year.

The bill amends legal advertisement rates by increasing the rate by \$5 for each 100 words and \$5 for each subsequent insertion.

**HB 444 Property; revise when an action may operate as a lis pendens***By: Rep. Matt Reeves (99th)**Through the Judiciary Committee*

The clerks of superior courts must keep a lis pendens docket in which they record all notices of lis pendens on real property filed with them. Dismissal of any action by a plaintiff, the plaintiff's withdrawal, or the settlement or final judgement will be indicated on the face of the lis pendens record by the clerk. Actions involving claims against real property related to domestic relations are excepted from these new provisions.

**SB 59 Governor; Office of the Inspector General; establish***By: Sen. Bo Hatchett (50th)**Through the Judiciary Committee*

Final Bill Summary: SB 59 establishes the Office of the Inspector General, with its purpose to investigate the management and operation of agencies. It is assigned to the Office of the Governor for administrative purposes only as described in Code Section 50-4-3.

The inspector general will have jurisdiction over persons or agencies in the executive branch, as well as persons doing business with an agency or receiving state funding. The inspector general investigates complaints alleging fraud, waste, or corruption committed against or within an agency in the state, in addition to other duties assigned by the governor.

When investigating, the inspector general is authorized to issue subpoenas, enter the premises of any agency at any time without prior announcement, and employ peace officers to obtain, serve, and execute search warrants. The bill compels agencies to cooperate with any investigation, and provides a cause for discipline to any employee who knowingly fails to comply with an investigation. Upon conclusion of the investigation, the inspector general will issue a report to the Office of the Governor.

**SB 74 Commerce and Trade, Courts, and Torts; the disclosure of the nature and practices of businesses that provide legal services; require***By: Sen. Blake Tillery (19th)**Through the Judiciary Committee*

Final Bill Summary: SB 74 makes it unlawful to misrepresent oneself as an attorney, or misrepresent an entity as engaged in providing legal services unless that person is a duly licensed attorney at law in Georgia or unless the entity is entitled to furnish legal services. The bill provides that it is unlawful to represent that a person featured in legal media is able to offer legal services in Georgia when that person is not a duly licensed attorney at law. Failing to provide accurate language reflecting the legal services, scope of work, success rate, or fees of a person practicing law is also unlawful.

Violations are punishable with a misdemeanor offense. Damages of \$500 or actual damages, whichever is greater, may be awarded in a civil claim against a person who solicits in any media in violation of this act.

The bill also allows for protective orders to prohibit depositions of high-ranking officers of private, public, and governmental organizations by showing that the officer lacks unique personal knowledge of any relevant subject matter to the pending action. The person seeking a protective order has the burden of establishing the factors necessary to be granted the protective order. If the party seeking discovery demonstrates that they have exhausted reasonable means of discovery but the discovery remains inadequate, good cause for a protective order will not be found. When a party seeking a protective order shows that an officer knows some but not all relevant matters, the court may limit the scope of the deposition rather than prohibiting the deposition.

The bill requires that a chief executive officer of a state government entity provide at least one designee for service of process for civil actions brought against the state. The contact information of the designee shall be published conspicuously on the homepage of the entity's website.

**SB 103 Unclaimed Property; handling of certain wills; provide***By: Sen. Russ Goodman (8th)**Through the Judiciary Committee*

Final Bill Summary: SB 103 provides processes related to the disposition of unclaimed property as it pertains to the Department of Revenue. If a will, codicil, or other trust instrument is included among the contents of a safe-deposit box, the commissioner will retain those documents unless delivered to the testator/settlor upon confirmation of identity, delivered to the probate court, permitted to be removed, or delivered to the trustee.

A claimant's designated representative may file a claim if they claim an interest in any property, with that claim being considered by the commissioner and upon approval, the claimant's designated representative will be paid the balance remaining after deduction. When determining the merits of an unclaimed property claim, the commissioner will rely on applicable statutes, regulations, and court decisions. The burden will be on the claimant to establish entitlement to the property by a preponderance of the evidence.

Upon request, the commissioner will provide a claimant's designated representative relevant account information in a searchable digital format for all unclaimed accounts, with this information being prohibited from distribution. A claimant's designated representative will register with the commissioner and pay a \$1,200 fee for a four-year registration.

**SB 148 Nonprofit Corporations; comprehensively revise, simplify, and modernize said chapter***By: Sen. John Kennedy (18th)**Through the Judiciary Committee*

Final Bill Summary: SB 148 provides comprehensive revisions to the Georgia Nonprofit Corporation Code, including updates, clarifications, and modernizations. Sections are updated to account for grammatical corrections, new definitions, changes from the Georgia Business Code for consistency, and changes for consistency with operations of Secretary of State and Attorney General's offices.

The bill revises quorum requirements of nonprofit corporations to be a majority of the voting power unless bylaws provide otherwise, and requires that the secretary of a nonprofit be a separate person from the chief executive officer. Executive directors are to be designated as officers, unless articles provide otherwise, and are subject to duties of care and good faith. Executive directors are also subject to conflict of interest rules. The minimum number of directors in non-member nonprofits is revised from one to three, and directors are afforded an express right of access to corporate information and an ability to enforce that right in court. Directors are afforded the same indemnification protections for nonprofits as are provided in the business code.

**Judiciary Non-Civil Committee****Staff: Brian Heinze****HB 88      Coleman-Baker Act; enact*****By: Rep. Houston Gaines (120th)******Through the Judiciary Non-Civil Committee***

Final Bill Summary: HB 88, the 'Coleman-Baker Act', requires the head of an agency or their designee to review a cold case murder when requested in writing, and to determine if a full reinvestigation would result in the identification of probative investigative leads or a likely perpetrator. The review must: determine what procedures may have been missed initially; whether witnesses should be interviewed or re-interviewed; if forensic evidence was properly tested and analyzed; and perform an update of the case file using the most current investigative standards to the extent it would help develop probative leads.

The agency must conduct a full investigation if, at the agency's sole discretion, the review concludes that a full reinvestigation would result in additional, previously unidentified probative leads or a likely perpetrator. An investigation cannot be fully conducted by a person who previously investigated the case, and only one full reinvestigation can be undertaken at one time with respect to the same victim. If a full reinvestigation is completed and a likely perpetrator is not identified, no additional investigation will occur for a period of five years from the conclusion of the reinvestigation, unless there is newly discovered material evidence.

Each law enforcement agency is required to develop a written application and procedures, and the agency must provide a written notification of receipt of the application as soon as reasonably possible. If a request does not meet the criteria, then the agency must provide the requestor with a letter stating that final review is not necessary. The law enforcement agency has six months from receipt of the application to complete its case file review and conclude whether or not a full reinvestigation is warranted. The agency can extend the time limit once for a maximum of six months if the agency finds that it would be unfeasible to comply with the original time limit.

The Carl Vinson Institute of Government will establish and maintain a case tracking system and searchable public website with information about the applications, extensions, number of reinvestigations, and statistical information on suspects, arrests, etc.

This process applies to any cold case murders that occurred on or after January 1, 1970. The bill allows a coroner or medical examiner to issue a death certificate with a non-specific cause of death.

**HB 139      Criminal procedure; restrictions of disclosure of personal information of nonsworn employees; provisions*****By: Rep. Clint Crowe (118th)******Through the Judiciary Non-Civil Committee***

Final Bill Summary: HB 139 restricts disclosure of the home address, date of birth, and home telephone number of a non-sworn employee of a law enforcement agency in criminal cases in which the prosecuting attorney is required to disclose the witnesses who will testify at trial. The prosecuting attorney will instead disclose the employee's current work location/phone number.

The list of witnesses whose testimony led to a criminal charge, which must be presented to a defense attorney prior to a defendant's arraignment, will also disclose the current work location/phone number of both law enforcement officers and non-sworn employees of law enforcement agencies rather than their home address, date of birth, and home telephone number. Any non-sworn employee who has left the agency or retired will use the address and phone number of the last agency where they worked. Non-sworn employees of law enforcement agencies cannot be compelled to reveal their home address when testifying in their official capacity, although courts can require an employee to answer questions regarding their home address if the fact is a material issue in the proceeding.

Section 6-2 changes the name of SORRB.

Section 6-2A requires a sexual offender to be fitted for a location tracking device while on probation or parole and awaiting risk assessment classification when the offender has previously been convicted of a felony sexual offense, or the assigned community supervision officer determines that a special need exists for the offender due to an immediate danger to society the offender poses. Any costs of the location tracking device and monitoring are required to be paid by the offender. An offender can petition the superior court in which he or she resides for release from the location tracking requirements within 30 days, and the court can suspend the requirement if it finds by a preponderance of the evidence that the offender does not pose an immediate danger to society.

Section 6-3 repeals and replaces O.C.G.A. 42-1-14, which was previously ruled unconstitutional. The section clarifies the procedure for when a sexual offender moves from another state or territory to Georgia, the risk assessment process for sexually dangerous predators, and the timelines for when risk assessment evaluations need to be made by SORRB. A person receiving a Level II risk classification, or as a sexually dangerous predator, may request re-evaluation after 10 years from the initial classification and then once every five years thereafter.

Section 6-4 requires the court to refer a case to an officer of the circuit for investigation and recommendation prior to sentencing when a life sentence may be imposed because of a previous conviction for a sexual felony. SORRB is also required to determine the classification level of the defendant in writing and report that determination to the court. The findings will be provided to the prosecutor and defendant no later than 10 days prior to the sentencing hearing.

Section 6-5 requires the Department of Community Supervision to file a petition on behalf of a person who is on probation for life for a sexual felony after that person has served 10 years if: all restitution has been paid; probation has not been revoked; the probationer has not been arrested for anything other than a non-serious traffic offense; and the probationer has not been classified as a sexually dangerous predator by SORRB. Upon issuing an order terminating an offender's probation, the court will provide written notice to the local district attorney and the State Board of Pardons and Paroles regarding the court's intention, and the prosecuting attorney will be given an opportunity to be heard during the 30 days prior to the issuance of the termination order by the court. The provisions changed by this portion of the bill are retroactive to any probationer under the supervision of the Department of Community Supervision. If the petition is not granted, a petition will be filed every five years afterward until the probationer meets the requirements.

Section 6-6 changes the name of SORRB in a reference and allows the person who was convicted as a sexual offender to obtain supervision records of the Department of Community Supervision.

Section 7-1 states that this will apply to all offenses committed on or after July 1, 2023.

**SB 42 Human Trafficking Hotline Information; model notice requirements; increase the fine for failure to comply**

*By: Sen. Mike Hodges (3rd)*

*Through the Judiciary Non-Civil Committee*

Final Bill Summary: SB 42 revises the penalty for businesses violating the requirement that businesses post signage making people aware of the human trafficking hotline. A law enforcement officer is required to notify a business of its noncompliance, and the owner is required to comply within 30 days of receipt of the notice. Further, the fine is revised from being a maximum fine of \$500 to instead be between \$500 and \$1,000. Upon a second or subsequent offense, it is still a high and aggravated misdemeanor, but the bill clarifies that the fine is between \$1,000 and \$5,000. Currently, that fine is listed as a maximum of \$5,000 without a minimum.

**SB 44      Street Gang Terrorism and Prevention Act; mandatory minimum penalties for violations; provide**

***By: Sen. Bo Hatchett (50th)***

***Through the Judiciary Non-Civil Committee***

Final Bill Summary: SB 44 clarifies that it is unlawful for a person to indirectly through another person: cause, encourage, solicit, recruit, or coerce another to become a member of a criminal street gang; to participate in a criminal street gang; or to participate in criminal gang activity. The bill defines "dangerous weapon", "firearm", "hazardous object", and "leader". Under Section II, the default penalty for violating O.C.G.A. 16-15-4 is a felony with increased imprisonment of between five and 20 years, to be served consecutively with other sentences, and with a mandatory minimum of five years.

If a person recruits others to join a criminal street gang and the violation involves a person who is under 17 years old or a person who has a disability, then that person is subject to imprisonment of between 10 years and 20 years for a first offense, which must be served consecutively and with a mandatory minimum of 10 years. Upon a second or subsequent offense, the penalty is imprisonment of between 15 years and 25 years, which must be served consecutively and with a mandatory minimum of 15 years. A mandatory minimum sentence imposed under this offense is unable to be departed from by a court.

A court can only depart from a mandatory minimum sentence if a district attorney or the attorney general agree and the convicted person provides substantial assistance in the identification, arrest, or conviction, of other members of the criminal street gang. The individual must also meet five different requirements to be eligible, and if a judge departs from the mandatory minimum, then they must specify on the record the circumstances for the reduction. This decision is appealed by the state.

The bill adds an extra condition to when a judge can issue a bond on a person's own recognizance, or unsecured judicial release. To be eligible, the release must be noted on the release order. The person must not be charged with a bail restricted offense. The person must not have been convicted of an offense of bail jumping within the past five years. The person must not have had a bench warrant issued for their arrest based on a failure to appear within the past five years, unless the warrant was recalled or the offense was a nonserious traffic offense.

A person can contest their ineligibility for unsecured judicial release on the basis that their criminal history record is inaccurate, incomplete, or misleading. If it is contested, the prosecutor bears the burden of establishing the person's ineligibility. A judge can also issue an unsecured judicial release for pretrial release or diversion if it is noted on the release order and the person is not charged with a bail restricted offense. A judge is only required to consider the accused's criminal history record that is available at that time.

**SB 60      Secondary Metals Recyclers; it shall be illegal for certain persons to purchase, possess, obtain, or sell or attempt to purchase, possess, obtain, or sell; provide**

***By: Sen. Bo Hatchett (50th)***

***Through the Judiciary Non-Civil Committee***

Final Bill Summary: Section 1-1 of SB 591 amends O.C.G.A. 10-1-350 to create new definitions for "copper wire", "registered agent", "used communications copper", and "used utility wire".

Section 1-2 of the bill amends O.C.G.A. 10-1-351 to define the term "used, detached catalytic converter". The section also makes it a crime to purchase, solicit for the purchase of, or advertise for the purchase of a used, detached catalytic converter, or any non-ferrous metal parts of a catalytic converter, unless such person is a registered secondary metals recycler. Further, it is unlawful for any person to buy, possess, transport, or sell, a used, detached catalytic converter or any non-ferrous metal parts of a catalytic converter, unless such person is authorized to do so under O.C.G.A. 10-1-351(c) and is in possession of the required registrations and licenses. Each unlawfully possessed or obtained used, detached catalytic converter is a separate offense.

Section 1-3 requires secondary metals recyclers to maintain a record of the documentation of a cash transaction involving regulated metal property.

Under Section 1-4, secondary metals recyclers are allowed to pay in cash, but are prohibited from: paying any seller more than \$100 in cash for any transaction, limited to two per seller, per day, per registered location;

and paying cash to any seller for catalytic converters or coils, used utility wire, used communications copper, copper wire, or a battery. This section does not apply to transactions between business entities, unless that transaction is related to catalytic converters.

Section 1-5 makes O.C.G.A. 10-1-358 applicable to catalytic converters, which relates to entities exempt from the Article 14, Chapter 1, of Title 10.

Section 1-6 allows a sheriff's office to: 1) charge \$200 for renewals of annual registrations of secondary metal recyclers; 2) require a valid business license; 3) require a registered agent to submit to a criminal background check and fingerprinting; 4) deny the registration or renewal if the person's registration has been revoked in another county, the information provided was false, or if the background check revealed a previous conviction of a metal theft offense more than three times in a five-year period; 5) revoke the registration of a secondary metal recycler's registered agent if the agent has been convicted of a felony in the previous five years under Title 10 ("Commerce and Trade"), Chapter 1 ("Selling and Other Trade Practices"), Article 14 ("Secondary Metals Recyclers"); 6) require secondary metals recyclers to provide a customer identification number for the current database contractor maintained by the Georgia Bureau of Investigation (GBI); and 7) require a secondary metals recycler to submit a signed and sworn statement saying the business license or registration has not been revoked during the past year, and that the agent has not been convicted of a metal theft offense in the previous year.

Section 1-7 adds a felony penalty when the regulated metal property is unlawfully obtained and results in aggregate property damage exceeding \$1,500. This section also clarifies that each unlawfully possessed or obtained used, detached catalytic converter is a separate offense.

Section 1-8 makes a used, catalytic converter that is possessed in violation of O.C.G.A. 10-1-351(d) and any vehicle used in the transportation of that catalytic converter subject to civil forfeiture.

Section 1-9 requires secondary metals recyclers to provide a statement to the GBI regarding whether their registration or business license has been revoked, suspended, or canceled in the previous year. The section also requires each recycler to submit to the GBI a receipt of each purchase of a used, catalytic converter or any nonferrous metal parts from an industrial account or secondary metal recycler. The report must include: the name and address of the seller; the date, time, and place of the transaction; and the number of used, detached catalytic converters purchased.

Part II removes limitations on how payments can be made for regulated metal property by secondary metal recyclers under O.C.G.A. 10-1-355.

Part III provides the effective dates of the bill. Part III and all of Part I, except for Section 1-4, are effective January 1, 2024. Part II is effective January 1, 2026.

*By: Sen. Rick Williams (25th)*

**SB 92      Prosecuting Attorneys Oversight Commission; create**

*By: Sen. Randy Robertson (29th)*

*Through the Judiciary Non-Civil Committee*

Final Bill Summary: SB 92 creates the Prosecuting Attorneys Qualifications Commission (PAQC). The PAQC consists of a five-member investigative panel with the members consisting of those with various amounts of experience as a district attorney (DA) or solicitor-general (SG), and whom are appointed by the governor, lieutenant governor, speaker of the House of Representatives, and Senate Committee on Assignments. The three-member hearing panel will consist of members with experience as a DA or SG, as well as a former judge with prior experience as a DA or SG, whom are appointed by the governor, a vote of the Senate, and a vote of the House of Representatives. All members must be appointed by July 1, 2023. The PAQC will end its investigation into any DA or SG when that person is under indictment.

The bill contains various grounds for discipline by the PAQC, including: mental or physical incapacity; willful misconduct in office; willful and persistent failure to carry out duties; conviction of a crime involving moral

turpitude; conduct prejudicial to the administration of justice; and knowingly authorizing or permitting an assistant DA or assistant SG to commit any act constituting a ground for removal.

The PAQC can entertain a complaint on various grounds, including when a DA or SG has a stated policy that demonstrates that the DA or SG categorically refuses to prosecute any type of an offense or offenses. No complaints can be filed prior to October 1, 2023. If a DA or SG is removed, the individual is disqualified from being appointed or elected to either of the two positions in any county in the state for a period of 10 years.

The bill adds a duty for DAs and SGs, requiring the elected positions to review every case for probable cause, and to make a prosecutorial decision based on the law and facts of each individual case. The failure to perform these duties will constitute a ground for recall from the position.

The Act is effective upon approval by the governor.

**Technology and Infrastructure Innovation Committee****Staff: Patrick Mock****SB 146 Georgia Public Service Commission; regulation and taxation of the provision of certain electricity used as a motor fuel in electric vehicles; provide*****By: Sen. Steve Gooch (51st)******Through the Technology and Infrastructure Innovation Committee***

**Final Bill Summary:** SB 146 amends the Code defining terms related to electric vehicles and adding language regarding the sale of electricity at electric vehicle charging stations, making it similar to the sale of gasoline. It gives regulatory authority over electric vehicle charging stations to the Department of Agriculture and clarifies that the supply of electricity by an electric utility to premises that are electric vehicle charging stations will be considered a sale at retail. The bill provides gallon-equivalent rates for electricity and hydrogen used as motor fuel and specifies that vehicles using these methods as a form of motor fuel are not exempt to public motor fuel and road taxes.

The provision of electric vehicle charging services will not violate the 'Georgia Territorial Electric Service Act', as long as it occurs on the same property as the charging station. The bill states that an electric utility may not provide, own, operate, or maintain any publicly available electric vehicle charging station, other than community charging equipment unless the station is provided through a separate legal entity that is not regulated by the Georgia Public Service Commission.

All electric vehicle charging providers will register with the commissioner before operating any electric vehicle charging station and do so annually thereafter. Certificates of registration and conformity will be prominently displayed at each charging station. All electric vehicle charging stations will be capable of accurately measuring and displaying upon the station or on a digital network the amount of electricity delivered to each electric vehicle on a per kilowatt-hour basis. Such stations will be further equipped with meters to record the total kilowatt-hours dispensed.

The commissioner of the Department of Agriculture may hire charging station inspectors and investigators, and is expected to enforce rules and regulations upon those employed. If a station is found to give inaccurate readings and the charging provider fails to make necessary adjustments, the station will be deemed inoperable until reapproved by the department. Those found to provide accurate readings will be marked with a seal by an authorized inspector. The department is given the power to implement rules necessary to carry out inspections in the manner provided in this Code. The bill makes it unlawful to tamper with an inspector-issued seal and outlines penalties for further violations.
